

For your information, our Interior Stain Projects runs between \$3.50 - \$15 a sq. ft., depending on the condition of the concrete & prep required. **All of our interiors floors are sealed with upgraded polyurethane seals made by Arizona Polymer Flooring, the leader in concrete products. This gives the customer a no wax maintenance floor, reducing scuffs and scratching and giving a 9 -10 year life of the floor before needing to reseal. No wax also eliminates all wear patterns & the continued build up from layer after layer of cleaning products trapped by the wax.**

Covering for a project so build out can be completed is .45 cents a sq ft - We like to come in after framing, roof, rough ins & regular insulation - **IF YOU ARE HAVING SPRAY FOAM INSULATION, WE COME IN BEFORE THIS!!!!** We always come in prior to sheet rock, texture and paint as well.

Once your project is completed, we come back - pull all paper, clean and put final coats of seal on.

What causes the price change, are things such as: Overlays, Multi-color, and scoring/engraving, stamping, etc. These are certainly options that enhance the beauty of your project.

Our Concrete Resurfacing Systems (Overlays) made by Miracote start at \$6.75- \$15 sq ft. These are required for interiors where flooring has been down before or exteriors with rough damaged concrete.

Exeriors are between \$2.75 to \$4.25 depending on the condition of the concrete. We do offer many Stampable Overlay Systems that start at \$8.50 sq ft. Driveways Start at \$1.75 - \$2.25 Depending on Sq Ft.

New Pour Concrete Projects are between \$8- \$15 a sq ft depending on thickness.

Reseals/Repairs are based on the project and the level of damage to the floor, but typically run between \$1.50 and \$9 a square foot.

Our Garage Systems start at \$4.50 sq ft and are done with commercial grade materials and are guaranteed against hot tire pick up & oil staining & UV stable, vehicular grade products. Polyaspartic top coat & Full Flake System

Counter tops start at \$85 sq ft, but these are truly one of a kind and a beautiful rustic alternative to "perfect" stones, i.e. granite, silestone, etc.

Some project may require fuel/travel charges due to distance.

Our project minimum price for New Braunfels and close surrounding areas is \$825 for a basic stain and seal.....one color no engraving.
